

## **Foreign Language Summer Assignment 2015**

### **NEW High School Students- (ALL students who will be starting a new language)**

What common cultural heritage do China, Japan, and Korea share? What aspects of their cultures and languages are different? Compare and contrast the cultures of these three societies. Include specific examples to support your claims. Which East Asian language (Chinese, Japanese, Korean) most interests you and how would knowing that language benefit you in the future? Your response should be one typed page, double spaced. Use 12-point font.
