March 1, 2018

Dear Parents,

We received an anonymous threat to the building this morning on social media. Principals of both schools and Building Response Team were informed. School Safety and the New York Police Department (NYPD) were notified to investigate the information and work through the details in conjunction with our Building Response Team and School Principals. Safety protocols were followed.

With students' increased use of social media, information travels quickly and we investigate any time there is a risk of threat to our school community.

We will provide more detailed information as it becomes available and appropriate. In this day and age, we follow NYPD's motto "If You See or Hear Something, Say Something" accordingly. Your child's safety and the safety of all our staff members is very important and our highest priority.

Thank you for your understanding and support.

Sincerely,

Anthony Cromer
Principal
